Online Training – Course Library

As the leader in online safety training solutions, ClickSafety offers a comprehensive library of over 300 courses, including 50 in Spanish. All of our courses are designed by an in-house team of Certified Safety Professionals (CSP), Safety Trained Supervisor (STS), Construction Health and Safety Technician (CHST) and Certified Industrial Hygienists (CIH) and industry professionals who create and maintain the most up-to-date online safety training course library available.

FEATURED COURSES

- OSHA 10-Hour Construction
- Defensive Driving Awareness
- Back Injury Prevention and Lifting
- Bloodborne Pathogen Awareness
- Hazard Communication Awareness
- OSHA 30-Hour Construction
- Personal Protective Equipment Awareness
- Fall Protection Awareness
- Heat Stress
- Employer/Employee Responsibility

AWARENESS

Introductory

- Airline Respirator Warning
- Bloodborne Pathogen (BBP) Awareness S
- Confined Spaces for General Industry S
- Crystalline Silica S
- Defensive Driver Awareness S
- Diversity in the Workplace S
- Electrical Safety Awareness S
- Emergency Action Planning for Gen. Ind. S
- Employer/Employee Responsibility S
- Ergonomics Awareness S
- Fall Protection Awareness S
- Fire Prevention Awareness S
- Gas Monitoring and Calibration S
- General Housekeeping on the Job Site S
- Globally Harmonized System - The Basics S
- Hazard Communication (HazCom) Awareness S
- Housekeeping Awareness for Construction
- Intro. to Heavy Construction Safety & Health
- Introduction to OSHA's Focus Four Hazards
- Job Site Safety Orientation S
- Ladder Safety Awareness S
- Personal Protective Equipment Awareness S
- Power Tool Safety Awareness S
- Scaffold Safety Awareness S
- Trenching & Excavation Awareness S
- Working Around Mobile Equipment S
- Working Safely with Electricity S

Audience: All Employees
Length: 10 Minutes - 30 Minutes

ADVANCED SAFETY & HEALTH Intermediate, Advanced & Certificate/Card

- 100% Fall Protection
- Accident Prevention Heavy Construction
- Alcohol and Substance Abuse S
- Asbestos Awareness for Property Management
- Asbestos Awareness in Construction
- Asbestos Awareness in Schools
- Asbestos Hazards
- Concrete and Masonry S
- Confined Space for Construction S
- Construction Job Site Safety Orientation
- Construction Zone Fitness
- Control of Hazardous Energies (COHE) S
- Crane Safety Basics S
- Defensive Driving Techniques S
- Demolition Hazards
- Dust Disturbance and Mitigation
- Electrical Hazard Recognition and Control
- Electrical Safety S
- Emergency Action and Response
- Ergonomics
- Excavation Safety
- Fall Protection Equipment
- Fall Protection in Construction S
- Fire Prevention S
- Focus Four Fatality Prevention: Caught-In or Between Hazards
- Focus Four Fatality Prevention: Electrocutation Hazards
- Focus Four Fatality Prevention: Fall Hazards
- Focus Four Fatality Prevention Struck-By Hazards
- Forklift Hazards
- GHS for Managers, Supervisors and Safety Personnel
- Ground Fault Protection in Construction S
- Hand and Power Tools
- Hazard Communication for General Industry S
- Hazardous Waste
- Heat Stress S
- How to Read a Material Safety Data Sheet
- Introduction to Bloodborne Pathogens (BBP) for Construction
- Introduction to Globally Harmonized System
- Introduction to NFPA 70E
- Introduction to OSHA for Construction S
- Introduction to OSHA for General Industry
- Laser Hazards
- Lead Hazards

- Materials Handling S
- Mold-OSHA Position
- Molds
- Motorized Mobile Platforms
- Noise and Hearing Protection
- Office Safety
- Other Construction Health Hazards
- Personal Protective Equipment, Common S
- Personal Protective Equipment, Specialized
- Power Tool Use and Guarding S
- Respiratory Protection
- Rigging Safety S
- Road Construction Common Hazards
- Road Construction Health Hazards
- Road Construction Special Hazards
- Safety and Health During Disaster Recovery
- Scaffold Erection Guidelines S
- Scaffold User Guidelines S
- Signs, Signals and Barricades
- Silica Exposure in Construction
- Slips, Trips and Falls
- Soils Analysis and Classification
- Spray Coating Operations
- Stairways and Ladders S
- Subpart C: Construction General Safety
- Subpart D: Construction Health Hazards
- Subpart D: Occupational Health Environmental Controls
- Subpart O: Motor Vehicles, Mechanized Equipment
- Subpart R: Steel Erection
- Sun and Other Outdoor Hazards
- Trenching and Excavation S
- Trenching and Excavation: Practical Applications
- Tubular Welded Frame Scaffold Erectors
- Welding and Hot Work S
- Workzone Traffic Control
- Workzone Traffic Safety Tips

Audience: Specialized Workers &
Supervisory Personnel
Length: 15 Minutes - 120 Minutes

OSHA AUTHORIZED COURSES Certificate/Card

- Cal/OSHA 10-Hour Construction
- OSHA 10-Hour Construction S
- OSHA 10-Hour General Industry
- OSHA 10-Hour Road Construction
- OSHA 30-Hour Construction

Audience: All Employees
Length: 10 Hours – 30 Hours

S Course Available in Spanish

DEPARTMENT OF TRANSPORTATION (DOT)

Intermediate & Advanced

- DOT Drug and Alcohol Training for Supervisors
- Driver Pre Trip/Post Trip Vehicle Inspection
- Drug Testing for Commercial Drivers
- HAZMAT Bill of Lading
- HAZMAT Transportation Enhanced Security

Audience: Drivers & Supervisors
Length: 25 Minutes - 2 Hours

MOLD IN CONSTRUCTION SERIES

Intermediate & Advanced

- Managing Mold Issues For Building Construction Managers
- Managing Mold Issues For Fixed Site Facilities
- Mold Awareness for Facility Operators
- Mold Contract and Bid Instructions
- Mold Design and Materials
- Mold for All Other Trades
- Mold for General Contractors
- Mold in Construction
- Mold Information and Training
- Mold Inspection in Construction
- Mold Maintenance Procedures
- Mold Remediation & Restoration
- Mold Response Actions
- Mold Training for Contractors

Audience: Contractors, Employees, Owners
Length: 20 Minutes - 3.5 Hours

CERTIFICATE COURSES

Certificate/Card

- Asbestos Awareness for Property Management
- Asbestos Awareness in Construction
- Asbestos Awareness in General Industry
- Asbestos Awareness in Schools
- EM 385-1-1 Awareness
- Forklift Operator Certification
- HAZWOPER 2013 Refresher (8-Hour)
- HAZWOPER Supervisor (8-Hour)
- Information Security Awareness
- Lead Awareness for General Industry
- Lead Awareness in Construction
- NFPA 70E - A Users Guide to Electrical PPE
- Rough Terrain Forklift Operator
- STS-Construction Exam Preparation

Audience: All Employees
Length: 30 Minutes - 16 Hours

GENERAL INDUSTRY

Introductory, Intermediate, Advanced & Certificate/Card

- 1, 3 Butadiene
- 100 Questions on Electrical Safety
- 13 Carcinogens
- Accident Investigation
- Acrylonitrile
- Air Contaminants
- Alcohol & Substance Abuse for Supervisors
- Ammonia Awareness
- Asbestos
- Asbestos Awareness for Property Management
- Asbestos Awareness in General Industry
- Back Injury Prevention and Safe Lifting Techniques
- Benzene
- Bloodborne Pathogen (BBP) Awareness **S**
- Cadmium
- Chlorine Awareness
- Coke Oven Emissions
- Compressed Gas Cylinder Safety Awareness
- Confined Spaces for General Industry
- Container Labeling
- Control of Hazardous Energies (COHE)
- Cotton Dust
- DBCP
- Electrical Safety and LOTO (Lock-Out/Tag-Out)
- Emergency Action Planning for Gen. Ind.
- Ethylene Oxide
- Exit Routes, Emergency Action & Fire Prevention Plans
- Flammable and Combustible Liquids
- Formaldehyde
- Globally Harmonized System (GHS): The Basics **S**
- Hazard Communication (HazCom) for General Industry
- Hazardous Chemicals in Laboratories
- Hexavalent Chromium
- Hexavalent Chromium Awareness
- Housekeeping Awareness for Gen. Ind.
- Hydrogen Sulfide Awareness
- Industrial Hygiene Awareness
- Inorganic Arsenic
- Introduction to NFPA 70E
- Introduction to OSHA for General Industry
- Ionizing Radiation
- Job Hazard Analysis
- Ladder Safety Training
- Lead
- Leading Cultural Change
- Machine Guarding
- Material Handling and Storage for Gen. Ind.
- Methylene Chloride
- Methylenedianiline (MDA)
- Noise and Hearing Conservation
- OSHA 10-Hour General Industry
- Personal Protective Equipment (PPE)
- Portable Fire Extinguishers
- Process Safety Management
- Respiratory Protection Awareness
- Restaurant Safety 101 **S**
- Retention of DOT Markings, Placards and Labels
- Subpart Z: Toxic and Hazardous Substances

- Understanding Bloodborne Pathogens (BBP) for General Industry
- Vinyl Chloride
- Walking and Working Surfaces
- Worker Right to Know
- Workplace Violence

Audience: All Employees
Length: 5 Minutes - 10 Hours

MANAGEMENT

Advanced

- Accident Investigation
- Alcohol and Substance Abuse for Supervisors
- Competent Person, Excavations
- Competent Person, Fall Protection
- Conducting Tailgate Meetings
- Construction Spanish for Supervisors
- Contractors Safety & Health Program
- GHS for Managers, Supervisors and Safety Personnel
- Health & Safety Leadership
- Leading Cultural Change
- OSHA 300 Reporting and Record Keeping
- OSHA Compliance Basics
- Sexual Harassment for Non-California Managers
- Suspicious Mail, Anthrax and Other Concerns
- The Competent Person

Audience: Management & Supervisory Personnel
Length: 30 Minutes - 4 Hours

CA SPECIFIC & CAL/OSHA Introductory, Intermediate & Certificate/Card

- Cal/OSHA 10-Hour Construction
- Cal/OSHA Heat Illness for Gen. Ind. **S**
- Concrete and Masonry for CA
- Confined Spaces for Construction in CA
- Crane Safety Basics in CA
- Electrical Hazard Recognition & Control in CA
- Electrical Hazards in CA
- Fall Protection Awareness in CA **S**
- Fall Protection in CA
- Fire Prevention Awareness in CA
- Fire Prevention in CA **S**
- Flagger in CA
- Ground Fault Protection in CA
- Hand and Power Tools in CA
- Hazard Communication (HazCom) in CA
- Injury & Illness Prevention Program (IIPP) in CA
- Introduction to Cal/OSHA for Construction **S**
- Materials Handling in CA
- Personal Protective Equipment (PPE) Awareness in CA **S**
- Personal Protective Equipment (PPE) in CA
- Practical Trenching in CA
- Scaffold Erection for CA
- Scaffold Safety Awareness in CA **S**
- Scaffold Use in CA
- Stairs and Ladders in CA
- Trenching and Excavation in CA

Audience: Employees Working in CA
Length: 15 Minutes - 10 Hours

S Course Available in Spanish
