

# Join us for PlanGrid Certification

Interactive, leadership-focused course

**August 31, 2017 from 12:00pm to 4:00pm**  
RSVP to [npirrone@bayareasmacna.org](mailto:npirrone@bayareasmacna.org)

**Location: Bay Area SMACNA Training**  
7677 Oakport St, Suite 805 Oakland, CA 94612

We'll start with a crash course on PlanGrid functionality with a focus on hands-on learning. After the product is mastered, we'll transition to a discussion of the product and best practices for your whole team.

**12:00pm - 3:00pm PlanGrid Core Certification**

In this hands-on, interactive session you'll go from 0 to 60 on PlanGrid's mobile app. We'll review core concepts such as version control markups and collaboration, and issue tracking.

**3:00pm - 4:00pm PlanGrid QA and Best Practices**

After the core certification is complete, feel free to stick around and ask questions about what PlanGrid is doing to improve Construction Productivity. We can also give some pro-tips for PlanGrid best practices and how you can get the most out of the tool.
